

PATRICIA-LORENA SCHONE

FRONTEND DEVELOPER AND WEB DESIGNER SPECIALIZED IN REACT

ABOUT MYSELF

I enjoy developing visually appealing and efficient web applications. My passion for art and coding drives my eagerness to learn and explore new techniques and technologies. Open for relocation or remote working.

EXPERIENCE

Freelance Web Developer

- Designed and developed modular, single-page web applications in React that incorporate responsive design principles and animations.
- Designed, developed and maintained Presentation websites and E-Commerce web applications.
- Incorporated third-party APIs into web applications for data fetching and real-time updates.
- Facilitated future React projects by creating a Components Library.
